

TruPal

DESIGNED FOR TRUE COMFORT

HUMBLY INTRODUCING OURSELVES

THE TEAM BEHIND TRUPAL

As a healthcare arm under MBf Holdings, which is established since 1963, MedicWorld Pharma is a highly recognised distributor of wholesale pharmaceutical and healthcare products. With our strong purchasing and manufacturing network in the Asian region, we are able to offer clinics, hospitals, healthcare sectors and pharmacies healthcare products at an affordable price.

MedicWorld Pharma carries a full line of generic and brand name pharmaceutical products including tablets, capsules, creams, ointments, liquids, vaccines, injectables and adult diapers/pants.

OUR PRODUCT

The birth of Trupal brand comes about due to the experience we had with people who has incontinence issues, be it young adults or the elderly. We want these people taken care of easier whether by themselves or the people around them. The incontinence prevalence is as high as 10% of the population in Malaysia, which require serious attention, with many of us are not aware of.

With the difficulties faced by the individuals and care givers, we would like to think that Trupal helps in someway!

We aim to deliver the best product to our users and their comfort is our main priority.

Trupal is specially designed with that objective in mind at an affordable price.
